Dear Mrs. West.

I had a letter from Dr. Burns today, telling me that he would like God to have me work with him for the month of August. I thank God that for this privilege to work in my old home Church, the Church, the town

and the people I love so dearly.  
I pray that God will direct my  
pathway and use me in the  
best way He sees fit to, in  
the coming month.

Mrs. West, Brother Burns  
said that the Church could  
not pay me anything for  
my work, but it does not matter  
to me whether they pay me  
anything or not. If you say  
go down there and work, I  
am ready to go, for I feel  
that God wants me to work  
down there. I am praying all  
the time that God will use  
in His Kingdom work. In the  
place the world have me  
work, not where I would like  
work, because I am God's using  
and He can send me any place.  
I am willing to go <sup>to go</sup> far from my place.  
My daily prayer is that I will do  
God's Will, and forget my little will.

unless it is in accordance  
with His Great Will.

Please let me know  
by return mail what you  
are doing, and whether I  
can come ~~over~~ as I can  
let Brother Burns know  
whether I look for me.

I pray that everything will  
be well with <sup>my</sup> going to  
Panama city, and that I  
can do a great work down  
there for my Master.

Hoping to hear from you  
very soon.

As ever
